THE CLASS OF 1972
NEW BEDFORD VOCATIONAL HIGH SCHOOL

FOREWORD

As we, the class of 1972, end our four years at Vocational High School, we express our gratitude to Mr. Janiak, Miss Cronin, and the faculty for the guidance and understanding they have given us during our time here. They have opened the doors that lead to a brighter future, and have imparted the knowledge to make life in it profitable.

We will try our hardest to employ all of our skills, so as to make Vocational proud of its 1972 class.

The co-editors of the yearbook are Michael Boswell and Sharon Rutkowski.

The Class of 1972 has the distinction of being the first graduating class who under the 26th Amendment of the Constitution of the United States is legally entitled to vote in all elections at age eighteen.

This class represents the nucleus of worthwhile social and political leadership.

The first step in the exercise of this leadership is to vote in each election.

DeTocqueville was serious when he said ". . . there is nothing more arduous than the apprenticeship of liberty."

Lord Chesterton stated, "The world will never be safe for democracy . . . it is a dangerous trade."

A free society that is passive, inert, and preoccupied with its own diversions and comforts will not last long. You have youth, vitality, and competence. Utilize it wisely, with consideration for the problems of your fellowman and you will continue the legacy of a great nation handed to you by the wisdom and courage of those whom you follow.

Congratulations to an outstanding class . . . my best wishes for successful and happy careers.

Z. WALTER JANIAK,
DIRECTOR

Congratulations to the Class of '72 and best wishes in all future endeavors.

Albert C. Wobecky,
Assistant Director

A. C. WOBECKY, Asst. Director

Mr. Wobecky

M. E. CRONIN, Asst. Director

I am happy to extend my congratulations and best wishes to the Class of 1972. I am confident that the knowledge you have gained here at New Bedford Vocational High School will serve as a firm foundation upon which to build in future years. Continue to learn and to grow, continue to practice in the community the qualities of good citizenship you have shown here at school . . . in this way you will be following the fine tradition of Vocational High School graduates of past years.

DEDICATION

June C. Stringer Richard O. Barry

We, the Senior Class of 1972, are proud to dedicate our yearbook to Mrs. June Stringer.

Mrs. Stringer has been more than just a teacher. She has helped us to solve our problems and encouraged us to progress. In many ways, she has given us the extra lift we've needed.

Thank you, Mrs. Stringer, and may the gifts of life be with you always.

We, the Senior Class of 1972, gratefully acknowledge and dedicate our yearbook to Mr. Richard O. Barry. His method of teaching is one of dedication to his students and everyone with whom he comes in contact. Mr. Barry has taught at Vocational for nine years. He has also been the coach of the varsity Track Team for five years. His all around involvement with the students at Vocational is one of the many reasons why the Senior Class dedicates its Mariner, 1972, to Mr. Richard O. Barry.

The Household Arts Building houses much more than just sewing and cooking. It contains various study centers, where girls engage in a diversity of subjects from the freshman throughout the senior year.

As freshmen, students take various courses dealing with personal hygiene. One of these, Personal Clinic, teaches the girls about such things as shampooing hair correctly, giving facials, manicures, and pedicures and caring in other ways for the body. A course called Home Care guides students in acquiring the basic skills needed in running a home.

As sophomores, students are required to take Child Care, a subject which prepares them for the junior year, at which time they will be working in the school's nursery. They also have a choice as to whether or not they would like to learn to operate various business machines or study algebra.

The junior program includes Health Education, which goes deeply into the study of the human body. For two terms out of the school year, the junior girls work in the cafeteria preparing the noon meal for the whole student body. They cook and serve more than six-hundred meals daily. During this time, four girls at a time spend two-week periods working in the nursery. They work directly with the children, reading stories, providing music, and just helping them to benefit from their mornings in nursery school.

In the senior year, the girls elect their courses of study from three categories, the Nursery School Program, the Nurse Aide Program, and the General Curriculum.

Those who choose Nursery School center their study around children. They go to different schools working with many preschool, kindergarten, and mentally retarded children. Their work experience and acquired knowledge and skills enable them to graduate as teachers' aides, and later to pursue careers as teachers.

Girls who plan to become nurses take the Nurse Aide Program. They study in the classroom the basic requirements needed to become nurses' aides, and also go to nearby hospitals, where they care for patients.

If neither of these courses fits the student's personal ambition, she can elect the general curriculum, which includes a variety of subjects, some of which are not required of students who are specializing. A few of these additional subjects are Wardrobe Accessories and Cake Decorating.

During their four years here, the girls become close friends, and when it comes time to leave, they all miss their busy Household Arts building.

There are eleven girls enrolled this year in the Nurse Aide Program, which is instructed by Mrs. Alice Woodacre, R.N. Most of these girls want to become R.N.'s or L.P.N.'s when they graduate.

The program is conducted two days a week. Tuesday mornings, the girls meet in class and discuss patients. They practice on one another so as to have a better knowledge when working on patients in the hospital. On Wednesdays, students go to St. Luke's Hospital, where they work from 8:15 to 11:00 a.m. Our aides usually make unoccupied beds, feed and wash patients, and make them more comfortable in other ways.

The hospital personnel enjoy seeing us girls in our white uniforms, green aprons, and name tags. They also appreciate our hard work.

We thank Mrs. Woodacre for the knowledge she has given us, as well as all of the hospital personnel who have been so patient with us.

This year's Nursery School Program consists of twelve senior girls, who attend preschool, day care, and retarded centers throughout New Bedford. When the course is completed, the girls will be qualified child care aides ready for employment.

We welcome to the program Mrs. Barbara Kaplan, and thank Mrs. Hope Collins for her assistance and dedicated guidance.

NURSERY

In the nursery, a school within a school, the children do many different things. Painting, reading, and music are just a few examples of the many activities that go on there.

As seniors, we learn how to get along with children both as friends and teachers.

We extend a warm welcome to Mrs. Kaplan, who has come into the nursery to help with the senior program.

We also thank Mrs. Hope Collins, our teacher, who has helped us gain knowledge and a broad understanding of children.

Voke's 1971-1972 Cheering Squad consisted of seven girls. Seniors were Peggy Ferreira, head cheerleader, Eleanor Espinola, Diane Desrosiers, and Lynn Woodacre. Junior cheerleaders were Audrey Sherman, Michele Rioux, and JoAnne Seguin.

Our cheerleaders each year make their own uniforms for the football and basketball games. Last summer, five of these girls felt extremely fortunate in being able to attend cheering camp in Springfield.

The parting senior cheerleaders wish "good luck" to all the girls who will be on next year's squad.

The highlight of the season was a solid 28-0 Thanksgiving Day victory over arch-rival Diman Vocational. The young team was led by captain Bill Clark, All County Gerald Bonas, and seniors Paul Bouchard and Jim Knox. Even though this season's record was dismal, the future looks bright for the under-class laden artisans.

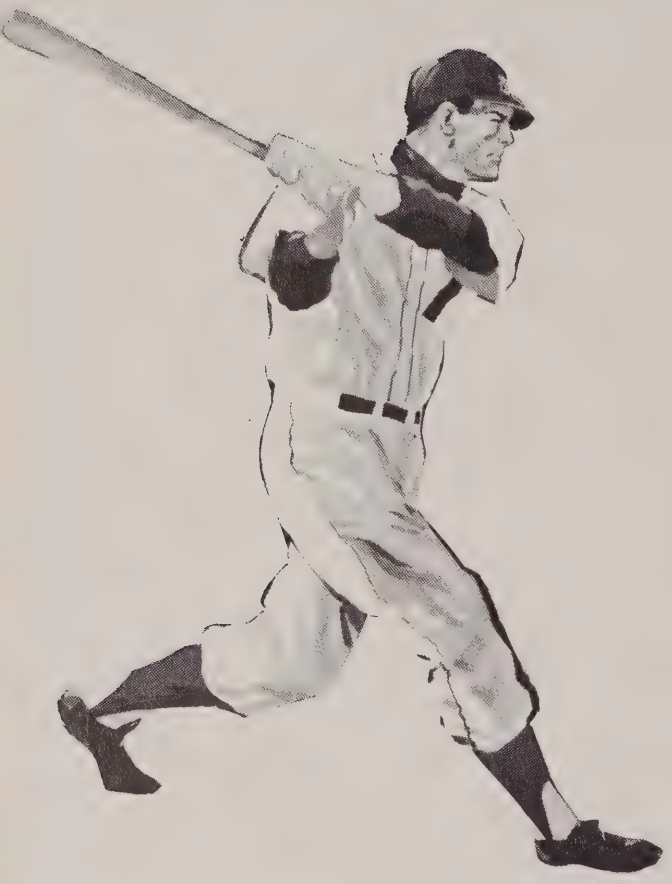
At the conclusion of the 1970-1971 season, the outlook for Vocational High School basketball was only positive in that it has made the Tech for two years and appeared to be headed there again in 1972.

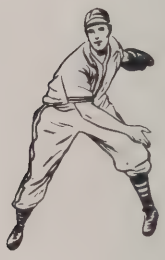
However, the transfer of three potential starters to rival schools dashed the Artisan hopes bitterly.

Throughout the season, the Voke hoopsters, under veteran mentor Ed Lowney, battled valiantly against superior odds, but lack of height and overall inexperience resulted in a disappointing final record. Never to be at a loss for words, Coach Lowney summed up the situation with, "The only way is up."

Voke's cagers will lose Senior Captain Mike Boswell, Steve Pelletier, Bob McCarthy, Dave Fortin, and Garu Thomas. A returning nucleus of Bob Carter, Russ Reeves, Rick Cloutier, and Mark MacMullen along with up-and-comers from Coach Siwik's JV's may be the start of something new with a new league alignment.

BASEBALL





The 1971 Vocational baseball season began with one of the largest turnout of candidates in many years.

Under the instruction and supervision of head coach Bill Norton and assistant Doug Johnson the team began to progress.

The return of few veterans left many vacancies to be filled and the task was not an easy one.

Captains chosen for the team were Bob Desrosiers and Jerry Richard. Under the leadership of these fine athletes a successful season was forth coming.

One of the highlights of the season was the hitting of sophomore Bob Lemieux as well as the fine all around performances of Bob Desrosiers, Jerry Richard, and Mike Boswell.

The team finished the season just under .500 with a record of 9 wins and 10 losses and a 4th place finish in the Bristol County League.

The JV's played only one game but it was a satisfying one as they defeated New Bedford's JV's.

The loss of only three members from this fine team should indicate a very successful up coming season.

Continuing the redevelopment of a winning Soccer tradition, the 1971 season proved to be the most successful in recent years. Not since the 1962 E. Mass. winner and 1963 E. Mass. finalists coached by Mr. Pearson has a Voke squad compiled such a favorable 9-6-5 record.

Led by Senior Captain Mike Boswell who scored over 20 goals, and backed by the solid offensive play of Soph. Carlie Silva and Freshman Tony Almeida.

Voke finished in third place behind N.E. Champ New Bedford H.S., and arch-rival Diman Vocational of Fall River.

Coach Walter Siwik's booters emphasized spirited team play and blended experience, determination and pride to forge its admirable record.

With a new league to be established for the 1972 season, the Artisans, sporting 11 returning lettermen, stand to improve still more despite the loss of such standouts as Dave Donaghy, goalie; forwards Mike Boswell and Mike Vieira, and defensive specialists Paul Hebert and David Fortin. The future is promising.

Our spring track 1971 team accounted very well for itself at the Bristol County Championship meet held at Diman Regional Vocational.

Joey Delgado broke the old record of 10.1 in the 100 yd. dash setting a record of 10 seconds flat. He also placed second in the high jump along with Hartmut Andrade who placed third in the high jump. Hartmut placed second in the 220 finals.

Our relay team of Delgado, Andrade, Thomas, and Pina placed fifth.

Andrade, Pope, and Delgado were taken to the State meet at White's Stadium. Andrade qualified but lost in the semi finals. Delgado went into the state finals and ran against the best runners in the state only to lose in the semi finals.

Although the membership was at a minimum, the year was very productive. The club held a Halloween Party and an Easter Egg Hunt for the children in St. Mary's Home. They were guests and hosts of Interclub Meetings. They participated with their sponsor, the New Bedford Kiwanis Club, on an essay contest and selling raffle tickets for Thanksgiving turkeys. They donated to the Neediest Family Fund and Quarters For Christmas.

The following fund raising events were held in order to maintain these projects: sale of combs, candy bars, soda at basketball games, programs at football games, Christmas trees, and a student service auction for the faculty.

The members donated their services to the school as ushers at graduation and guides for Open House. Mike Vieira, who held the newly established office of Chairman of Committees, is the only senior member leaving. The officers for 1971-1972: President — Joseph Sylvia, Vice-President — David Driesin, Secretary — Mark Guzaj, Treasurer — Michael Mikhina, Chm. of Committees — Michael Vieira.

The Household Arts Traffic Squad for 1971-1972 has been composed of twenty-five members including Debra Beaulieu, president; Diane Desrosiers, secretary; and Carolyn Fernandes, treasurer.

Each member is obligated to obey and enforce the traffic rules, as well as to report to her post regularly. Any student who violates the traffic rules is first given a warning, and then issued a detention by our advisor, Mr. Cambra, for any subsequent offense.

Fund-raising campaigns are held regularly for the purpose of supporting the annual field trip. Campaign leaders for this year were Dolores Varao and Michele Rioux.

The National Honor Society Technical Chapter of New Bedford Vocational High School, which was organized in 1962, is composed of Sophomores, Juniors, and Seniors who maintain a scholastic average of at least eighty-five percent. Advisors are Mrs. Thelma Bagley and Mr. Lionel Neron.

Dues and money-raising functions pay for area National Honor Society conventions, annual field trips, and scholarships.

Our motto is: "I pledge myself to the ideals of the National Honor Society, and I promise to be loyal to them at all times, by serving my fellow men to the best of my ability."

Officers for 1971-1972 were: Edward Simmons, president; Theresa Bouchard, vice-president; Elizabeth Lizotte, secretary; and, James Knox, treasurer.

FUTURE NURSES CLUB

1st row, left to right
Diane Fagundes, Linda Larocque, Margaret Ferreira, Ellen Lowles, Edith LaRue, Joan Luiz
2nd row, left to right
Sharon Rutkowski, Jeanne Dussault, Lynn Woodacre, Diane Desrosiers, Donna Durgin
3rd row, left to right
Eleanor Espinola, Audrey Sherman, Nancy Leahey, Ann Medeiros

The Future Nurses Club is open to all sophomores, juniors, and seniors who are interested in some aspect of medicine. This club encourages students to practice the art of giving, which should be of primary concern to anyone planning to enter a field of medicine, especially nursing. By contributing their time and skills to projects adopted by the club, members are able to express their concern for others.

One of the most enjoyable instances of giving occurs each December, when we put on our Christmas party in one of the local nursing homes. The reward we receive for all the time and effort devoted to the success of this event comes when we look into the smiling faces of our honored guests, who realize that others care.

At the end of the school year, scholarships are granted to ambitious students planning to further their education. These scholarships are funded by club dues and money-raising activities, one of which is selling Avon.

SLIDE RULE CLUB

Antonio Oliveira Michael Winfield Richard Motha

The Slide Rule Club, advised by Mr. Paul M. Duval, starts the second week of September and runs until the first week in January. They meet two afternoons a week from 2:35 P.M. until 3:00 P.M.

The students do not receive a grade and all work is voluntarily done. There are seven levels covered: Reading scales C & D, Division, Multiplication, Multiplication and division combined, Squaring of Square Roots A & D Scales, Cubing of Cube Roots K and B Scales, and Trigonometry — Basic Problems.

COMMUNITY WORKERS

Front row (l-r)
Susan Stawasz, Janet Hall, Celeste Denault, Debra Curran, Mrs. Collins, Renee Cournoyer, Sharon Braley, Susan O'Brien, Nancy Ferreira
Middle row (l-r)
Beverly Montague, Violette Desroisiers, Sharon Curran, Katherine Cranston, Susan L'Etoile, Coleen McCann, Debra Beaulieu, Nancy Coutino, Cynthia Ferreira
Back row (l-r)
Carol Hebert, Carol Souza, Nancy Luiz, Donna Lachapelle, Linda Dias, Ann Medeiros, Yvette Michaud, Karen Brodeur, Patricia Frade

The Community Workers group consists of sophomore, junior, and senior girls, who go a few at a time every Wednesday to St. Mary's Home, where they devote their time and efforts to teaching the younger girls at the home to cook. Not only do our girls teach cooking, but they also try to demonstrate that genuine cooperation and communication are possible between girls of different ages and backgrounds.

We thank Mrs. Joan Brennan for the advice and assistance she has given us.

GENERAL COURSE

The Girls Department consists of 26 girls. By the time these girls finish their Senior year, they have received the knowledge and experience which enables them to shop wisely for food, and to prepare well balanced meals for individuals, families and institutions. They have also been trained in the preparation of refreshments for various types of social functions. In addition, many of our Senior Girls have become accomplished seamstresses, who have acquired much skill in basic sewing, and even in tailoring. Some have also become adapted to other types of needlework; such as crocheting and embroidering. Much more thought and effort are being given today, moreoever, in equipping our students so that they can seek profitable employment while still in school and after graduation. Courses are also offered in record keeping, typewriting, the cash register, and other office machines.

All students are required to take a variety of academic subjects, so that they will become well-informed, thinking individuals who are ready to assume mature and responsible adult roles in todays every changing society.

J.A. REPORTERS

Donna Lachapelle and Elaine Morris

The "Voke" students who join Junior Achievement do so in order to experience the operation of various types of businesses. These members establish and control their own companies under adult supervision. Their products are sold, with proceeds used to help keep J. A. growing prosperously.

In addition to working hard at businesses, members also enjoy making new friends, taking trips, and engaging in other activities, one of which is the annual banquet. At this social, special tribute is paid to outstanding members who have done the most to perpetuate J. A.

Some J. A. members act as reporters for their high schools, sending articles concerning school dances, elections, class trips, and other activities to *The Standard Times.*

Reporters for this year were Elaine Morris and Donna Lachapelle.

In Memoriam

The Household Arts Class of '72 pays tribute to the memory of Mrs. Alice McCue, our beloved friend and teacher, whom we shall always remember.

Mrs. McCue's warm personality and concerned attitude made her students feel comfortable and secure. She gained the admiration and respect of all with whom she came in contact.

Each of us will cherish always the legacy of devotion which Mrs. McCue has left. May God keep her in His care.

CLASS HISTORY

It was in the fall of 1968 when we entered New Bedford Vocational High School as freshmen. Bewildered and apprehensive, we gradually became accustomed to our new environment.

The year, which passed by quickly, boosted two major events. The first was the Welcome Freshman Dance, which was sponsored by the juniors in our honor. Then came a very exciting happening in the history of the school. For the first in five years, our football team won over Blue Hills Regional.

With the help of our faculty and advisors, we made it through freshman year, and after a short summer we entered the same doors as sophomores. Of course, things were different. Although we were a little older and wiser, we had to undertake more difficult subjects, larger amounts of homework, added responsibilities, and we were granted more privileges.

The year became more and more interesting as the basketball season opened. Tension, excitement, nervousness, happiness, sadness, and anxiety were feelings that we students shared as we attended those fantastic games. One game led to another, and we found ourselves in Boston Garden for the Tech Tourney.

Half way through the year, Mr. Cambra decided that we needed an inspiring lesson in culture, so we visited the Boston Museum of Fine Arts. It proved a very interesting and educational trip.

The year closed with Gail Landry receiving the Charles Palmer Davis Award, which is given for excellence in Civics.

After a long hot summer of waiting, it was back to school, but this time we were juniors. Class elections resulted in the following slate of officers: Rechard Andrade, President; Cheryl Rutkowski, Vice President; Debra Curran, Secretary; and William Clark, Treasurer.

Some of our various junior events were the record hop, which was sponsored by the Do-It Committee; a trip to the Ice Follies; the Battle of the Bands; and the Wool Contest. Winners were: first place, Theresa Bouchard; second place, Linda Laroque; third place, Lynn Woodacre; fourth place, Sharon Rutkowski. We also went to Boston Garden a second time because of our superb basketball team.

The year passed quickly, and then it was time for the Junior Prom. Mike Boswell was made king; Carolyn Fernandes, queen; Lynn Woodacre, First lady-in-waiting; and Pat Correia, Second lady-in-waiting.

As we anxiously waited, the junior outing finally was here. We spent the day at Cathedral Camp with our advisors and ladies from our Cafeteria Staff. There we awarded Mrs. Roderiques with a plaque and a cake thanking her for all the years of service she dedicated to this school. We all had a good time in the sun and water, with only minor sunburns and one broken toe reported.

As September arrived once more, we were filled with mixed emotions about entering school as seniors. As the day arrived, we approached these doors once more trying to believe that we had actually progressed this far.

Class elections took place again, and the results were as follows; Mike Boswell, President; Cindy Macey, Vice-President; Mike Forge, Treasurer; Peggy Ferreira, Secretary.

Our senior-class activities included, cake sales, a car wash, an auction, a ski-weekend, visits to the Keystone and U.S. Furniture, and the Wool Contest. First place again went to Theresa Bouchard; second place Lynn Woodacre; third place, Linda Pike; fourth place, Diane Fagundes; fifth place, Debra Beaulieu; and honorable mention, Karen Sylvia.

Theresa, Lynn, and Linda went to a beautiful mall in Springfield for the State Wool Contest. Theresa won first place, Lynn won third, and Linda came in fifth. Theresa then went on to New York for the Regional Wool Contest.

During the course of the year Elizabeth Lizotte was elected to represent our school as it's good citizen Girl, which is sponsored by the Daughters of the American Revolution. She attended a luncheon at the Skipper Restaurant in her honor and also went on a historical tour of Boston. Elizabeth was also awarded the Betty Crocker Homemaker of Tomorrow Award, for which the senior girls held a tea in her honor.

Our senior year was the one that went by the fastest. Friendships grew closer between students and faculty. Months dwindled to days, and the days went by fast.

With mixed emotions, we finally stepped out to face the world. Some of our close friends knew we would lose, but because of our four years here, the teachers, the training, and the understanding we'd gained, the future did not seem an impossible dream.

As we leave this, our school, which has been much more than just a school in that it has been an ideal place to grow, mature, and become an individual, we are both happy and sad, confident and scared, but more than this we are grateful to all who have helped to make this day possible. We've come a long way, overcoming many obstacles, which we have encountered, but it has been worth it to be members of the class of "72."

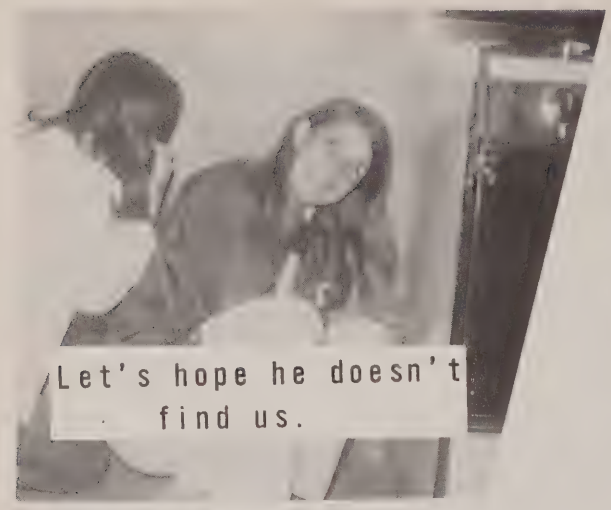
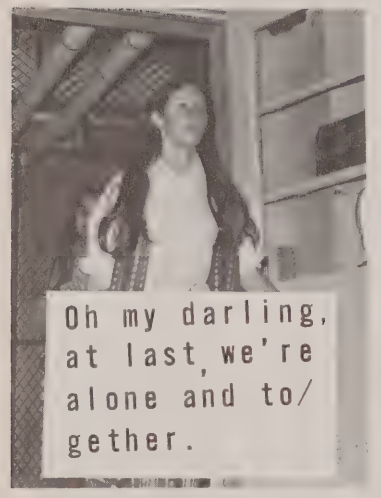
Farewell

The Senior Class of 1972 would like to say good-bye to Mr. Janiak, our Director at Vocational High School, Miss Cronin — our Supervisor of Household Arts, who has helped us Senior Girls in many ways, and our faithful teachers who gave us the knowledge we have today.

Farewell and Thank You.

Senior Class 1972





Hold it girls! After all, I'm sure there's enough of me for all of you.

Why, Why me?
